

MEMBERSHIP STRUCTURE

(Updated 8/13/2015)

The Georgia Envirothon will use the following categories as its membership structure beginning on 7/24/2014.

General Membership shall be defined as any person/sponsor who pays for a membership/sponsorship to the Georgia Envirothon. Membership begins on the date when the Georgia Envirothon receives the payment.

Charter Members will be any individual or entity who pays for a membership between 7/24/2014 and 7/24/2016. They will continue to pay those rates for the remainder of their membership commitment and may move up or down to any other Charter Member/Sponsorship level in future years. Should a member/entity allow their charter membership to lapse, they will revert to the standard membership structure.
